	Auto lathes				20
1	SA-Grooving system	Grooving and parting system			
	• Introduction				32 – 34
	• Monoblock holders	Grooving and parting	EB 1,5 – 3,0 mm	ETmax 3,0 – 32,5 mm	37 – 48
	• Inserts				52 – 56
	• Spare parts and accessories				57
	• Cutting data				58 – 60
	• Application reference				61 – 64
2	SE-Groove turning system	Grooving system			
	• Introduction				66 – 68
	• Monoblock holders	Grooving, parting and copy turning	EB 2,0 – 3,0 mm	ETmax 12,0 – 21,0 mm	70 – 76
	• Inserts				79
	• Spare parts and accessories				80
	• Cutting data				81 – 84
	• Application reference				85 – 86
3	AMS ARNO®-Mini-System	Internal machining system			
	• Introduction				88 – 89
	• Holders and inserts	D _{min} 0,7 mm			94 – 123
	• Spare parts and accessories				127
	• Cutting data				128 – 132
• Application reference				133	
4	Turning	ISO toolholder for external machining			
	• ISO-Designation system				136 – 137
	• Holders	Shank 8×8 mm – 20×20 mm			140 – 162
	• Inserts - Carbide				176 – 199
	- Cutting data				200 – 208
	• Inserts - High positive				209 – 221
	- Cutting data				222 – 230
	• Inserts - CERMET				231 – 240
- Cutting data				241 – 243	
5	DECO-CUT	Grooving system			
	• Introduction				246 – 247
	• Holders	EB 0,8 mm	ET _{max} 8,5 mm		254 – 259
	• Inserts				260 – 273
	• Cutting data				276
• Application reference				277	
6	SHARK-CUT	Multi purpose tool			
	• Introduction				280 – 281
	• SHARK-CUT Mini	D _{min} 4 mm	ET 2,25×D – 4×D		284 – 285
	• SHARK-CUT Standard	D _{min} 8 mm	ET 1,5×D / 2,25×D / 3×D		286 – 288
	• Inserts				289 – 293
	• Spare parts and accessories				294
	• Cutting data				295 – 301
• Application reference				302 – 307	
i	Information				
	• Material - Cross reference				310 – 327
	• Insert wear and solutions				328 – 329
	• Application reference				330
A	Alphanumerical index				332
